Vick,
To one of my best friends
I'll never forget you and
all the fun we had. Remember
9 th grade gym class, we
were the best. I'll never
forget all the great
times in Spanish and
all the studys. Never
forget our mutual
hate for someone in
paticular. I wish you
were in some more
of my classes,
maybe next
year. Stay
the same
sweet friend
you are.
Love,

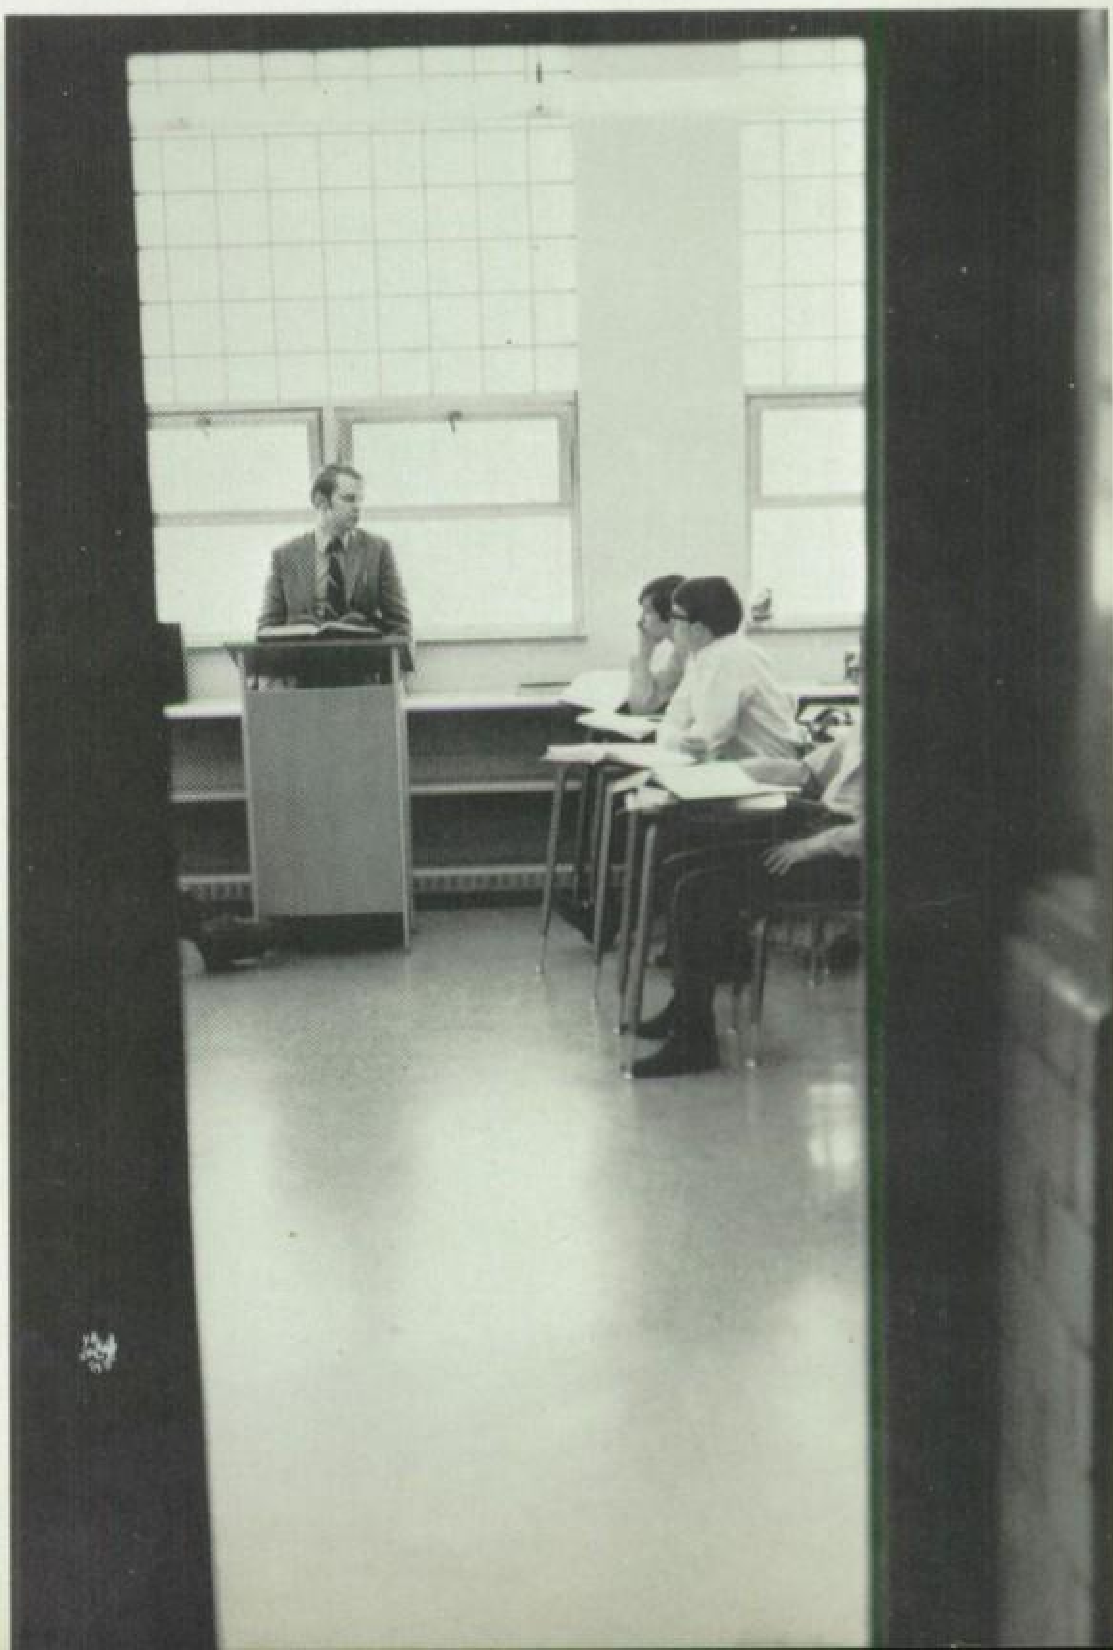
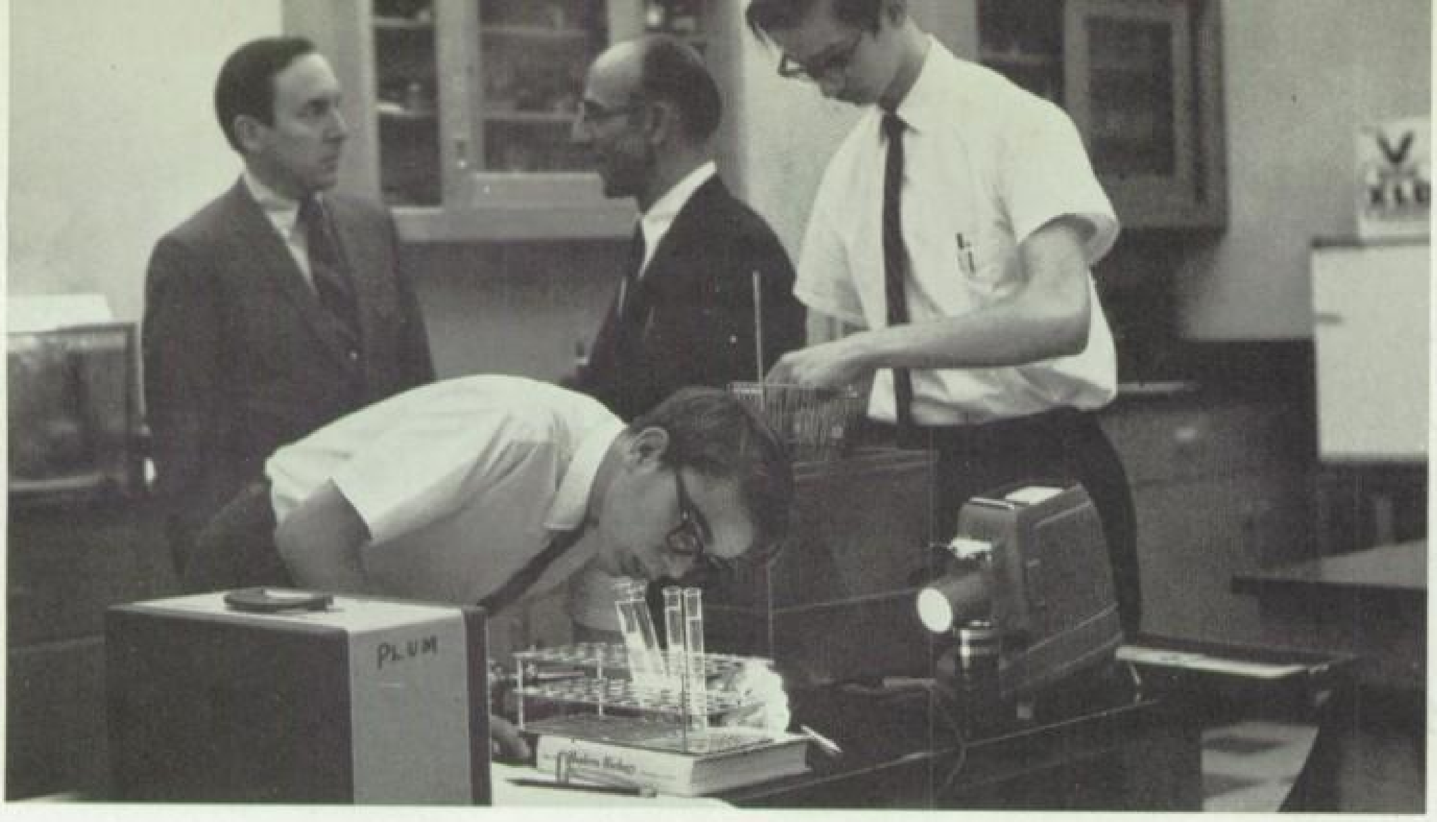
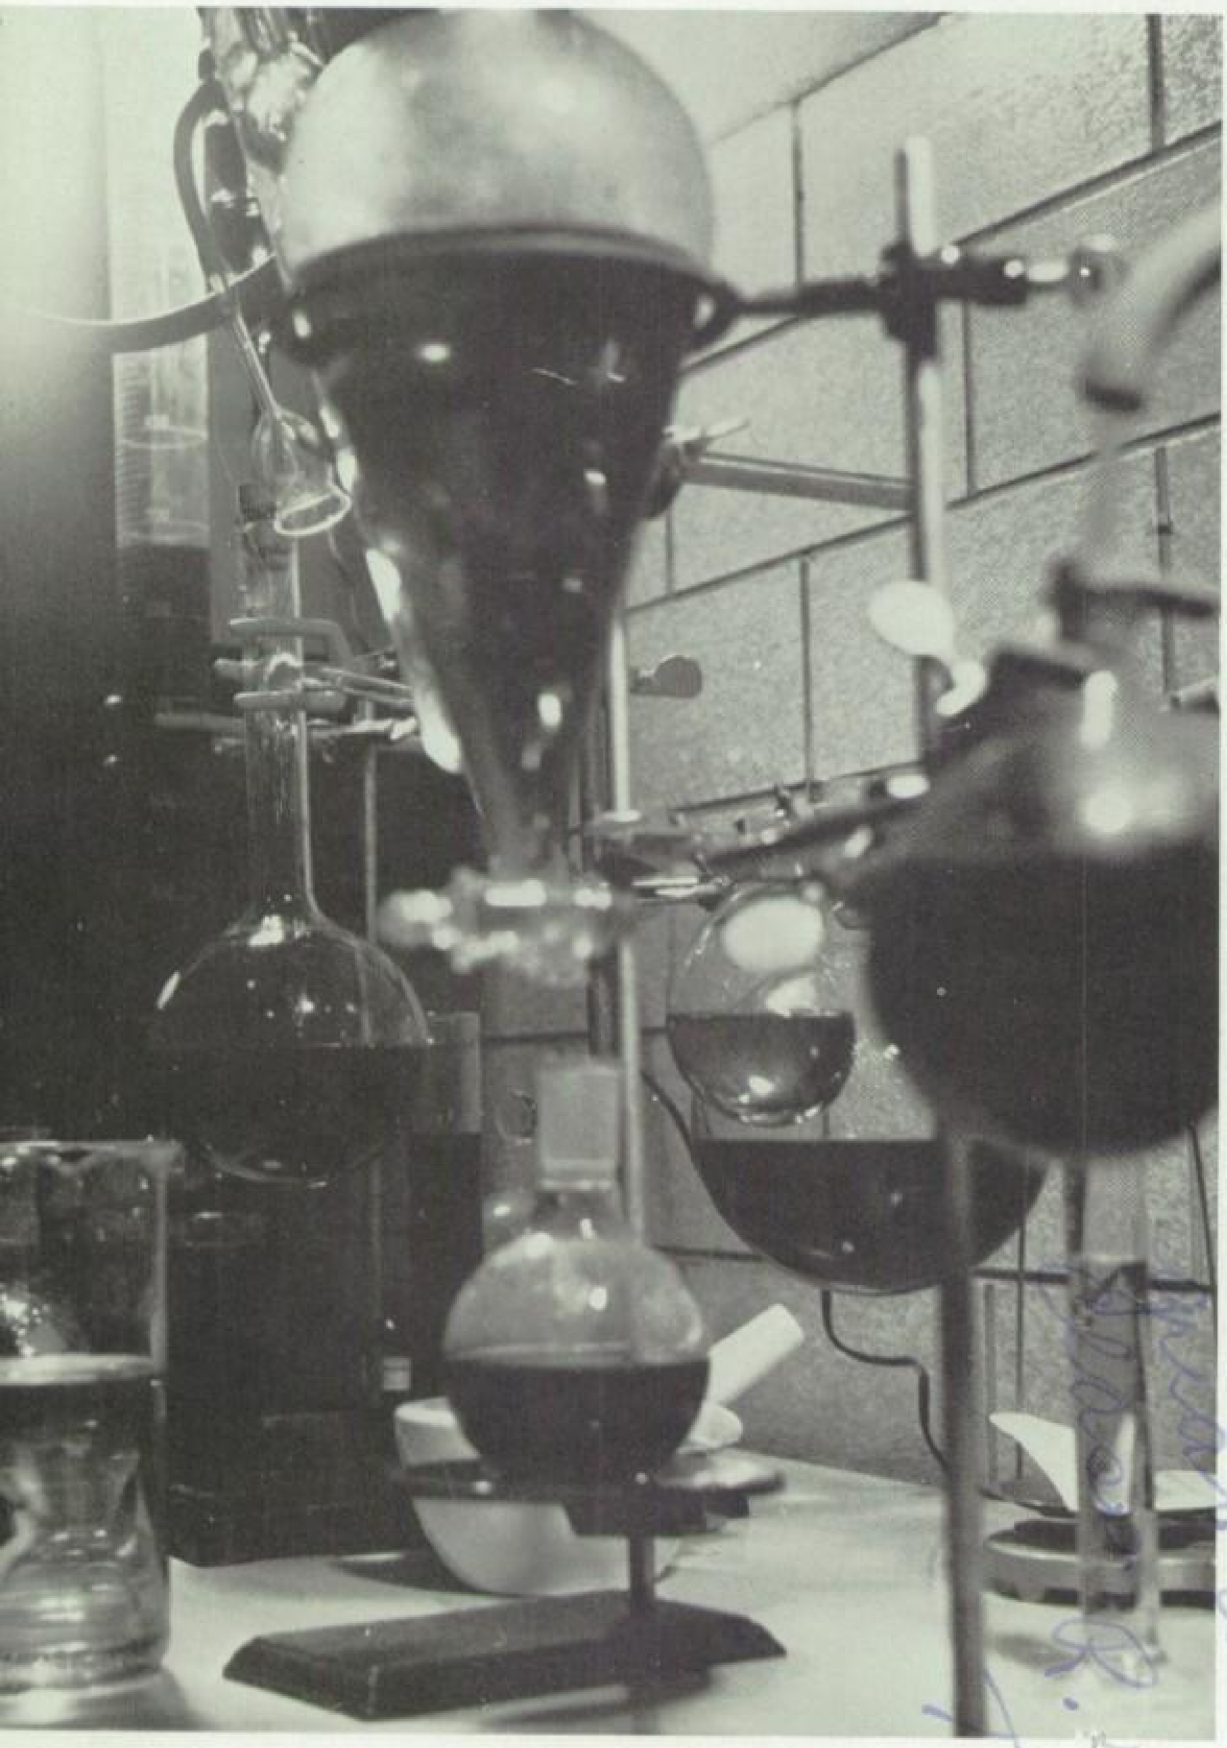
Vicki~
I'll always have
memories of grade
school as well as high
school together. Although
we were never actually
close friends, I'll always
think of you as one of the
nicest kids I went to
school with. (I'll never
forget that song we made
up & performed in 3rd grade-
those were good times.)
Best wishes-
Paula

This year at Plum we have witnessed many changes. Newer ideas and modes of life replace older ones, and the left cries out for recognition from the right.







Vickie,

Vicki,
To a very
funny girl who
is a great friend. Remember
the times we had during
the summer. The best things were
the arguments & the constant
frustration you caused me & I
caused you. I'll always remember
you & the fun we had during
the years I've known. you I'll
always remember you & I
think you'll always remember
me. Both bad & good
reasons.

In 1939 Plum received two new institutions; a new high school (presently the Jr. High) and Mr. Robert McJunkin. In his thirty years of service he has probably contributed far more than any other individual to our school district.

1962

In 1950, Mrs. Ardesta Brooke began teaching at Plum. Her dedication and service have been essential to the developement of our school.

1961

With the class of 1970, another class of people graduate, and yet in a different manner. To them we owe much, and offer this tribute in thanks for their time, patience, and understanding.

1961

1962 1963

1963

In 1960 Plum acquired two more merits: Another new school and Mrs. Grace Remaley. Many of us will carry on the knowledge that she shared with us.

"IF"

IF you can keep your head when all about you
Are losing theirs, and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting, too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good nor talk too wise;
If you can dream and not make dreams your master,
If you can think and not make thoughts your aim,
If you can meet with triumph and disaster,
And treat those two imposters just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;
If you can make one heap of all your winnings,
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings,
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the will which says to them: "Hold on!"
If you can talk with crowds and keep your virtue,
Or walk with kings — nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you, can fill the unforgiving minute
With sixty seconds worth of distance run,
Your's is the Earth and everything that's in it,
And — which is more — you'll be a Man, my Son
